- e. RESOLUTION NO. 08-044 PROVIDING FOR THE ADOPTION OF THE LOCAL MITIGATION STRATEGY AS THE FORMAL GUIDE FOR THE CITY OF SANIBEL'S HAZARD MITIGATION ACTIVITIES; AND PROVIDING AN EFFECTIVE DATE**

CITY OF SANIBEL

RESOLUTION NO. 08-044

A RESOLUTION PROVIDING FOR THE ADOPTION OF THE LOCAL MITIGATION STRATEGY AS THE FORMAL GUIDE FOR THE CITY OF SANIBEL'S HAZARD MITIGATION ACTIVITIES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Sanibel is subject to natural and man-made hazards including hurricanes, tornadoes, floods, fires and chemical releases and faces potential damage to life, property, natural resources and the local economy; and

WHEREAS, the Local Mitigation Strategy Working Group consists of employees and community members of Lee County and the City of Sanibel, the City of Fort Myers, the City of Cape Coral, the City of Bonita Springs and the Town of Fort Myers Beach, and is open for participation to any and all interested parties; and

WHEREAS, the Working Group has identified these local hazards and has reassessed the county-wide vulnerability and risk to these hazards based on the latest scientific and technically based risk assessment techniques; and

WHEREAS, the Working Group has identified and prioritized mitigation initiatives that would reduce local vulnerability to these hazards; and

WHEREAS, the Local Mitigation Strategy reflects the knowledge gained from disasters that Lee County has experienced over the past six years; and

WHEREAS, projects identified in the Local Mitigation Strategy Mitigation Initiatives List are given more consideration by federal and state-managed funding programs such as the Hazard Mitigation Grant Program, the Flood Mitigation Assistance Program, Emergency Management Preparedness Assistance Trust Fund, Florida Communities Trust, Community Development Block Grant, Coastal Partnerships Initiative, and HOME Investment Partnerships Program; and

WHEREAS, the Local Mitigation Strategy can serve as the Flood Mitigation Plan as required of all communities participating in the National Flood Insurance Program and seeking project funding from the Flood Mitigation Assistance program; and

WHEREAS, the Local Mitigation Strategy can serve as the Post-Disaster Redevelopment Plan as required of all coastal counties in Florida by Florida Administrative Code Rule 9J-5 as part of the County Comprehensive Growth Management Plan; and

WHEREAS, the Local Mitigation Strategy is designed to be a process-oriented document with review and revision policies that allow the Local Mitigation Strategy to be changed to meet new or changing conditions including hazard-event frequency, perceived local needs and funding opportunities.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sanibel, Florida that:

SECTION 1. The Local Mitigation Strategy, a copy of which is attached hereto, identified as Exhibit "A", is hereby adopted as the formal guide for the City of Sanibel's hazard mitigation activities.

SECTION 2. Effective date.

This resolution shall take effect immediately upon adoption.

DULY PASSED AND ENACTED by the Council of the City of Sanibel, Florida, this 18th day of March, 2008.
