Dear Mayor Denham:

Thank you for providing me with a copy of Resolution 08-020, which speaks to the importance of water quality in various venues throughout the State, and concerns regarding fertilization practices. I appreciate your effort to inform me of the City Councils positions on these issues.

The opinions of constituents and elected officials regarding specific issues are important to me as I make decisions on voting for legislation and policy. I certainly appreciate the views of the City Council and I will keep your thoughts in mind if these issues are considered.

For my work as a State Senator to be effective, your input is of great value to me. I look forward to our continued communication.

Very truly yours,

Burt L. Saunders,
